

VIVAX**METROTECH**

vCam-5 Standard System

The versatile vCam-5 inspection system is a feature rich lateral and small mainline camera at an affordable price. Available in three pushrod lengths and two user changeable camera sizes it can handle most of the day-to-day inspection jobs. Some of the standard features include five hour life, traceable pushrod, locatable sonde, daylight viewable display, full QWERTY keyboard and internal microphone. The system comes ready to use with LACP observation software.
